End-of-life care
Attitudes about end-of-life decision making in community dwelling older adults (Gilbert). 2005;26:350-1 (NGNA)
Staff perceptions concerning barriers and facilitators to end-of-life care in the nursing home (Stillman et al). 2005;26:259-64
End stage renal disease (ESRD)
Research review: the effect of acupressure with massage on fatigue and depression in patients with end-stage renal disease (McDougall). 2005;26:164-5
Exercise
Research review: exercise interventions for treatment of depression (Luggen). 2005;26:196 (NCGNP)

F

Falls
Falls associated with dementia: how can you tell? (Miceli). 2005;26:106-10
Innovations in clinical practice award winner an evidence-based fall prevention program (DeLucca). 2005;26:47-8 (NGNA)
Farmers
Health, work, and safety of farmers ages 50 and older (Amshoff and Reed). 2005;26:304-08
Fatigue
Research review: the effect of acupressure with massage on fatigue and depression in patients with end-stage renal disease (McDougall). 2005;26:164-5
Food
Food and supplement safety (Yen). 2005;26:279-80 (Nutrition and well-being)
Formulated 2-octylcyanoacrylate topical bandage
A new option in the treatment of skin tears for the institutionalized resident: formulated 2-octylcyanoacrylate topical bandage (Milne and Corbett). 2005;26:321-25

G

Gastroesophageal reflux disease (GERD)
Pharmacology update: GERD (Luggen). 2005;26:56 (NCGNP)
Geriatric Case Management
The frail elderly community-based case management project (Duke). 2005;26:122-7
Gerontological nurse practitioner; *see also* National Conference of Gerontological Nurse Practitioners (NCGNP)
Gerontological nurse practitioner care guidelines: dementia behaviors: recognition and management (Luggen). 2005;26:95-7 (NCGNP)
Gerontological nurse practitioner care guidelines: oral health of older adults: problems and management (Luggen). 2005;26:356-7 (NCGNP)
Gerontological nurse preceptors
Wanted-committed gerontological nurse preceptors (Hirst and Lane). 2005;26:37-42, 64 (Nursing management)

H

Health care policy
Health and social care policy for the elderly in Belgium (Arnaert et al). 2005;26:366-71
Health promotion
Motivating factors in health promotion in the oldest-old: pilot testing of 4 instruments (Pascucci and Chu). 2005;26:354 (NGNA)
Hearing deficits
Gerontological nurse practitioner care guidelines: assessing and managing hearing deficits in the older adult (Malmstrom). 2005;26:57-9 (NCGNP)
Hip fracture
Development and testing usability of theory-based, hip fracture prevention online learning modules (Nahm). 2005;26:352-3 (NGNA)
Home health care
All home care is not created equal-one view: dramatic growth in home health care industry creates unregulated workforce; more government oversight is needed (Janz). 2005;26:53-5
Cafecitos and telenovelas: culturally competent interventions to facilitate Mexican American families' decisions to use home care services (Crist). 2005;26:229-32
Dementia: complex care needing ongoing assessment (Marrelli). 2005;26:81-2
Evolving models of geriatric nursing care (Mezey et al). 2005;26:11-5
Older adults living in the community: issues in home safety (Cresci). 2005;26:282-6
Recognizing late-life depression: why is this important for nurses in the home setting? (Tanner). 2005;26:145-9
Resiliency: a factor to consider when facilitating the transition from hospital to home in older adults (Esche and Tanner). 2005;26:218-22
Trials and tribulations: a small pilot telehealth home care program for Medicare patients (Walsh and Coleman). 2005;26:343-6
Hospice unit
A model long-term care hospice unit: care, community, and compassion (Kayser-Jones et al). 2005;26:16-20, 64
Hypertension
Gerontological nurse practitioner care guidelines: isolated systolic hypertension (Luggen and Trees). 2005;26:234-6 (NCGNP)

I

Influenza vaccine
Pharmacology update: new influenza vaccine and prioritizing Parkinson's management (Luggen). 2005;26:355 (NCGNP)
Testing the feasibility and initial effects of iron and vitamin C to enhance nursing home residents' immune status following an influenza vaccine (Crogan et al). 2005;26:188-94
Institutionalized residents
A new option in the treatment of skin tears for the institutionalized resident: formulated 2-octylcyanoacrylate topical bandage (Milne and Corbett). 2005;26:321-25
Interdisciplinary care
Incorporating medication regiment reviews into the interdisciplinary care

planning process (Binch et al). 2005; 26:89-93 (NGNA)
Intervention research
Challenges of doing intervention research with the elderly Taiwanese population: example of a tai chi/movement therapy (Hsu and Chen). 2005;26:358-65
Iron
Testing the feasibility and initial effects of iron and vitamin C to enhance nursing home residents' immune status following an influenza vaccine (Crogan et al). 2005;26:188-94

K

Klamath Exceptional Aging Project
Benefits and challenges of research with the oldest old for participants and nurses (Leahy et al). 2005;26:21-8

L

Late-life depression; *see* Depression
Legal consulting
The legal nurse consultant (Meiner). 2005;26:34-6
Letters to the editor
Letters to the editor (Keltz). 2005;26:270
Long-term care (LTC)
Clinical intervention project to improve oral care in a long-term care setting (Hebert). 2005;26:351 (NGNA)
The clinical laboratory improvement amendment: how it applies to the use of urine dipsticks in the long-term care facility (Midthun and Bruce). 2005;26:309-16
Incorporating medication regiment reviews into the interdisciplinary care planning process (Binch et al). 2005; 26:89-93 (NGNA)
Long-term care insurance: buy it or not! (Ali). 2005;26:237-40
Meeting nutrition needs in long-term care (Yen). 2005;26:216-7 (Nutrition and well-being)
A model long-term care hospice unit: care, community, and compassion (Kayser-Jones et al). 2005;26:16-20, 64
Pharmacology update: inappropriate prescribing in the long-term care setting (Luggen). 2005;26:233 (NCGNP)
The regulatory influence on medication administration in long-term care facilities (Cassidy). 2005;26:212-5 (Drug consult)
Research review: racial and ethnic disparities in the pharmacologic management of diabetes mellitus among long-term care facility residents (Resnick). 2005;26:234 (NCGNP)
Research review: the role of the nurse practitioner in long-term care facilities (Resnick). 2005;26:56-7 (NCGNP)
Love and devotion
The important lessons: Sylvester and Ilene (Huycke). 2005;26:162-3

M

Massage
Research review: the effect of acupressure with massage on fatigue and depression in patients with end-stage renal disease (McDougall). 2005;26:164-5
Medicare
Trials and tribulations: a small pilot telehealth home care program for Medicare patients (Walsh and Coleman). 2005;26:343-46 (Home health care)
Medications
Incorporating medication regiment reviews into the interdisciplinary care planning process (Binch et al). 2005; 26:89-93 (NGNA)
Reduction in high-risk medication in the elderly (Lynons). 2005;26:350 (NGNA)
The regulatory influence on medication administration in long-term care facilities (Cassidy). 2005;26:212-5 (Drug consult)
Meditation
Integrative review of research related to meditation, spirituality, and the elderly (Lindberg). 2005;26:372-7
Mexican Americans
Cafecitos and telenovelas: culturally competent interventions to facilitate Mexican American families' decisions to use home care services (Crist). 2005;26:229-32
Mobile service
Facilitating interdisciplinary practice through mobile service provision to the rural older adult (Hayward). 2005; 26:29-33
Morse Fall Scale
Specificity and sensitivity of the Morse Fall Scale on three medical surgical units (Conley). 2005;26:353-4 (NGNA)

N

National Conference of Gerontological Nurse Practitioners (NCGNP)
Geriatric nurse practitioner guideline: periodontal disease in older adults (Momeyer and Luggen). 2005;26:197-200
Gerontological nurse practitioner care guidelines: assessing and managing hearing deficits in the older adult (Malmstrom). 2005;26:57-9
Gerontological nurse practitioner care guidelines: dementia behaviors: recognition and management (Luggen). 2005;26:95-7
Gerontological nurse practitioner care guidelines: dry eyes (Luggen). 2005; 26:302-03
Gerontological nurse practitioner care guidelines: isolated systolic hypertension (Luggen and Trees). 2005;26:234-6
Gerontological nurse practitioner care guidelines: oral health of older adults: problems and management (Luggen). 2005;26:356-7
Pharmacology update: dementia (Luggen). 2005;26:94
Pharmacology update: depression (Luggen). 2005;26:195
Pharmacology update: GERD (Luggen). 2005;26:56
Pharmacology update: inappropriate prescribing in the long-term care setting (Luggen). 2005;26:233
Pharmacology update: new influenza vaccine and prioritizing Parkinson's management (Luggen). 2005;26:355
Pharmacology update: prescribing (Luggen). 2005;26:300
Research review: dementia (Luggen). 2005;26:95
Research review: driving safety for older adults (Resnick). 2005;26:300-01
Research review: exercise interventions for treatment of depression (Luggen). 2005;26:196
Research review: racial and ethnic disparities in the pharmacologic management of diabetes mellitus among long-term care facility residents (Resnick). 2005;26:234
Research review: the role of the nurse practitioner in long-term care facilities (Resnick). 2005;26:56-7
National Gerontological Nursing Association (NGNA)
Cafecitos and telenovelas: culturally competent interventions to facilitate Mexican American families' decisions to use home care services (Crist). 2005;26:229-32
Featured abstracts form the 2004 NGNA Convention. 2005;26:47-50
Featured abstracts form the 2005 NGNA Convention. 2005;26:349-54
Improving quality of care through systems research: a guide for managers and practitioners (Alvine). 2005;26:294-99
Incorporating medication regiment reviews into the interdisciplinary care planning process (Binch et al). 2005; 26:89-93
NGNA News (Remsburg and Crogan). 2005;25:43-5, 86-8, 184-7, 225-8, 289-93, 347-8
Testing the feasibility and initial effects of iron and vitamin C to enhance nursing home residents' immune status following an influenza vaccine (Crogan et al). 2005;26:188-94
Nurse aide/assistants
Certified nurse aides as mentors: a retention strategy (Little and Clemens). 2005;26:50 (NGNA)
Chronic pain in the elderly: a continuing education program for certified nursing assistants (Siciliano and Burrage). 2005;26:252-8

Nurse practitioners (NPs); *see also* National Conference of Gerontological Nurse Practitioners (NCGNP)
Gerontological nurse practitioner care guidelines: assessing and managing hearing deficits in the older adult (Malmstrom). 2005;26:57-9 (NCGNP)
Gerontological nurse practitioner care guidelines: dry eyes (Luggen). 2005; 26:302-03 (NCGNP)
Improving quality of care through systems research: a guide for managers and practitioners (Alvine). 2005;26: 294-99 (NGNA)
Psychosocial needs assessment and interventions by the geriatric advanced practice nurse in a geriatric referral clinic (Hujer). 2005;26:351-2 (NGNA)
Research review: the role of the nurse practitioner in long-term care facilities (Resnick). 2005;26:56-7 (NCGNP)
Nurses
Benefits and challenges of research with the oldest old for participants and nurses (Leahy et al). 2005;26:21-8
Development on nurse competencies to improve dementia care (Williams et al). 2005;26:98-105
The legal nurse consultant (Meiner). 2005;26:34-6
Recognizing late-life depression: why is this important for nurses in the home setting? (Tanner). 2005;26:145-9 (Home health care)
Nursing care/practice
Dementia: complex care needing ongoing assessment (Marrelli). 2005;26: 81-2 (Home health care)
Evolving models of geriatric nursing care (Mezey et al). 2005;26:11-5
Wanted-committed gerontological nurse preceptors (Hirst and Lane). 2005;26:37-42, 64
Nursing homes
Evolving models of geriatric nursing care (Mezey et al). 2005;26:11-5
Resistive behaviors of elderly nursing home residents during oral care (Coleman). 2005;26:349-50 (NGNA)
Staff perceptions concerning barriers and facilitators to end-of-life care in the nursing home (Stillman et al). 2005;26:259-64
Testing the feasibility and initial effects of iron and vitamin C to enhance nursing home residents' immune status following an influenza vaccine (Crogan et al). 2005;26:188-94
Nutrition and well-being
Depression - the diet connection (Yen). 2005;26:143-4
Food and supplement safety (Yen). 2005;26:279-80
Innovations in practice award finalists increasing nutrition in the elderly by using the "Easy Handle Diet" (Long). 2005;26:48-9 (NGNA)
Meeting nutrition needs in long-term care (Yen). 2005;26:216-7
Physical activity-the "new" nutrition guideline (Yen). 2005;26:341-2
A quarter century of nutrition progress for older adults (Yen). 2005;26:51-2
Relationship of dementia and body weight (Yen). 2005;26:79-80

O

Older adults
Bipolar disorder: an uncommon illness? recognizing and caring for the elderly person with bipolar disorder (Luggen). 2005;26:326-29
A case study: inappropriate use of amitriptyline in the elderly (Helton et al). 2005;26:317-20
Chronic pain in the elderly: a continuing education program for certified nursing assistants (Siciliano and Burrage). 2005;26:252-8
Drugs and the elderly: looking back and ahead (Miller). 2005;26:60-1 (Drug consult)
Evolving models of geriatric nursing care (Mezey et al). 2005;26:11-5
Facilitating interdisciplinary practice through mobile service provision to the rural older adult (Hayward). 2005; 26:29-33
The frail elderly community-based case management project (Duke). 2005;26: 122-7
Geriatric nurse practitioner guideline: periodontal disease in older adults (Momeyer and Luggen). 2005;26:197-200 (NCGNP)
Gerontological nurse practitioner care guidelines: assessing and managing hearing deficits in the older adult (Malmstrom). 2005;26:57-9 (NCGNP)
Identifying and managing acute alcohol withdrawal in the elderly (Letizia and Reinbolz). 2005;26:176-83
Imposed versus involved: different strategies to effect driving cessation in cognitively impaired older adults (Jett et al). 2005;26:111-6
A new option in the treatment of skin tears for the institutionalized resident: formulated 2-octylcyanoacrylate topical bandage (Milne and Corbett). 2005;26:321-25
Older adults living in the community: issues in home safety (Cresci). 2005; 26:282-6 (Home health care)
A quarter century of nutrition progress for older adults (Yen). 2005;26:51-2 (Nutrition and well-being)
Research review: driving safety for older adults (Resnick). 2005;26:300-01 (NCGNP)
Resiliency: a factor to consider when facilitating the transition from hospital to home in older adults (Esche and Tanner). 2005;26:218-22 (Home health care)
Treating depression in the elderly: an update on antidepressants (Buffum and Buffum). 2005;26:138-42 (Drug consult)
Urinary tract infections in the elderly: a survey of physicians and nurses (Midthun et al). 2005;26:245-51
Oral care
Clinical intervention project to improve oral care in a long-term care setting (Hebert). 2005;26:351 (NGNA)
Gerontological nurse practitioner care guidelines: oral health of older adults: problems and management (Luggen). 2005;26:356-7 (NCGNP)
Resistive behaviors of elderly nursing home residents during oral care (Coleman). 2005;26:349-50 (NGNA)

P

Parkinson's disease
Pharmacology update: new influenza vaccine and prioritizing Parkinson's management (Luggen). 2005;26:355 (NCGNP)
Periodontal disease
Geriatric nurse practitioner guideline: periodontal disease in older adults (Momeyer and Luggen). 2005;26:197-200 (NCGNP)
Physical activity
Physical activity-the "new" nutrition guideline (Yen). 2005;26:341-2 (Nutrition and well-being)
Prostate cancer
Psychosocial consequences of prostate cancer: 30 years of research (Weber and Sherwill-Navarro). 2005;26:166-75
Psychosocial needs
Psychosocial needs assessment and interventions by the geriatric advanced practice nurse in a geriatric referral clinic (Hujer). 2005;26:351-2 (NGNA)

Q

Quality of care
Improving quality of care through systems research: a guide for managers and practitioners (Alvine). 2005;26: 294-99 (NGNA)

R

Renal disease
Research review: the effect of acupressure with massage on fatigue and depression in patients with end-stage renal disease (McDougall). 2005;26: 164-5
Resiliency
Resiliency: a factor to consider when facilitating the transition from hospital to home in older adults (Esche and Tanner). 2005;26:218-22 (Home health care)
Resistive behaviors
Resistive behaviors of elderly nursing home residents during oral care (Coleman). 2005;26:349-50 (NGNA)
Retirement community
A nurse goes shopping for a continuing care retirement community (Bertsch). 2005;26:241-4

S

Safety issues
Food and supplement safety (Yen). 2005;26:279-80 (Nutrition and well-being)
Health, work, and safety of farmers ages 50 and older (Amshoff and Reed). 2005;26:304-08
Older adults living in the community: issues in home safety (Cresci). 2005; 26:282-6 (Home health care)
Research review: driving safety for older adults (Resnick). 2005;26:300-01 (NCGNP)
Seeking safety and security (Ebersole). 2005;26:269-70 (Editorial)
Senior HealthMobile
Facilitating interdisciplinary practice through mobile service provision to the rural older adult (Hayward). 2005; 26:29-33
Skin tears
A new option in the treatment of skin tears for the institutionalized resident: formulated 2-octylcyanoacrylate topical bandage (Milne and Corbett). 2005;26:321-25
Social support
Judith V. Braun Research Award Winner perceived autonomy, social support, psychosocial developmental strengths, and health in older adults (Hertz). 2005;26:47 (NGNA)
Spiritual well-being/practices
Integrative review of research related to meditation, spirituality, and the elderly (Lindberg). 2005;26:372-6
Spiritual well-being and caregiver burden in Alzheimer's caregivers (Spurlock). 2005;26:154-61
Step Activity Monitor (SAM)
Comparison of the Step Activity Monitor and Yale Physical Activity Survey among older adults (Gaines). 2005;26: 350 (NGNA)
Subcortical vascular dementia (SVD)
Subcortical vascular dementia (Fladd). 2005;26:117-21

T

Tai chi/movement therapy
Challenges of doing intervention research with the elderly Taiwanese population: example of a tai chi/ movement therapy (Hsu and Chen). 2005;26:358-65
Telehealth program
Trials and tribulations: a small pilot telehealth home care program for Medicare patients (Walsh and Coleman). 2005;26:343-6 (Home health care)

U

Urinary tract infections
Urinary tract infections in the elderly: a survey of physicians and nurses (Midthun et al). 2005;26:245-51
Urine dipsticks
The clinical laboratory improvement amendment: how it applies to the use of urine dipsticks in the long-term care facility (Midthun and Bruce). 2005;26:309-16

V

Vascular dementia
Subcortical vascular dementia (Fladd). 2005;26:117-21
Vitamin C
Testing the feasibility and initial effects of iron and vitamin C to enhance nursing home residents' immune status following an influenza vaccine (Crogan et al). 2005;26:188-94

Y

Yale Physical Activity Survey (YPAS)
Comparison of the Step Activity Monitor and Yale Physical Activity Survey among older adults (Gaines). 2005;26: 350 (NGNA)
